

THINK BIG
THINK SAKAR

www.sakartechpack.com

A wide-angle photograph of a large industrial factory floor. The floor is filled with rows of machinery, likely for manufacturing plastic bags, with many large rolls of material. Two workers are visible in the distance, standing in a central aisle. The ceiling is high with many pipes and lights. The overall scene is brightly lit and organized.

Welcome to **Sakar Technopack**

Sakar Technopack Private Limited is one of the foremost manufacturing company for all the variants of Big Bags & Trash Bags. We construct and supply premium quality Trash/Garbage bags as well as FIBCs. We serve our customers with 100% virgin Polypropylene material without any kind of mixture of lower quality raw materials to meet food grade standards.

Sakar Technopack excels at manufacturing of Jumbo Bags/FIBCs of all kind (Type A, B, C & D). Sakar Technopack is located at a distance of 45kms from Ahmedabad, the business capital of Gujrat.

Sakar Technopack has emerged as sister concern firm of Sakar Plastic Industries, actively having an exclusive experience of more than 24 years in the field of packaging.

We have a set-up of 4 Manufacturing units with eminent technology and trained labours; working at an optimum functional level. We deliver an output of 5000 Metric tons per Annum.

Sakar group has led a legacy of Loyalty, dependency, uniform quality, price consistency and also for modernizing our products as per the changing market requirements and necessities.

FIBC BAGS

With the advancement in research and development and its implementation, conveying heavily weighted agricultural, industrial or granular products was a big task. All due credits to FIBC bags commonly known as Jumbo/Bulk bags to keep us at ease.

FIBC bags are manufactured by polypropylene woven fabrics that are resistant to high UV radiations. The lower limit and upper limit of these bags to hold on load is 750kgs-2500kgs. FIBC bags are effectively convenient to use and extremely economical, serving monetary and budget benefits.

We have a varied range of bags for different purposes.
Below mentioned are its sub-types

- | | | | |
|---|-------------------|---|-------------------|
| 1 | 1 and 2 Loop Bags | 4 | UN Certified Bags |
| 2 | 4 Loop Bags | 5 | Ventilated Bags |
| 3 | Baffle/Q Bags | 6 | C Type Bags |
